THE TOWN WITH A TERRITORY

Provincial Library

Volume IV

CARLSTADT, ALBERTA, THURSDAY, APRIL 22, 1915

No. 18

Sleepy Hollow

Mr. and Mrs. Wilbur Holroyd were serenaded by their friends; it being the occasion of their arrival to the homestead where they will spend their honeymoon. Light refreshments were served and the serenaders departed wishing the host and hostess much joy and happiness.

Dorris Ruekman has a well 37 feet deep it has 42 feet of water in it. Dorris went out to the well on a raft last week and brought to shore a couple of barrels of water. Dorris says he can pay back all the water that he borrowed last summer.

The Greenwood Bros are working for the Cypress Grain Co. at Suffield.

Archie Dorsey and Harold Brown are working for the Wheatland Co. at Cactus City.

Harold Sherman is discharging L. Dorsey.

Holroyd Bros. have bought four horses from the Colville ranch.

Mr. and Mrs. Basky have moved to their homestead from Medicine Hat this week.

Everybody is busy sowing grain here. A large acreage will be planted in this district.

There is no place like home eh? Clyde.

Mrs. Ralph Griggs, of Suffield,

A Good Day's Work

Clean-Up Day was a Success

Tuesday afternoon was a half holiday; and merchants forsook the counter and office, and armed with rakes and shovels, went about doing good. After cleaning the lots behind their own stores and houses, they united to obliterate the unsightly mass that remained after the fire of last summer at the corner of Railway Street and Broadway. It was well done; and the corner is now in neat array. F. E. McDiarmid, N. E. Stuart and Geo. Russell all put teams to work to haul away the litter.

At the school, the scholars worked in the yard under the supervision of Bert Brigham and E. C. Hogy. The holes were filled, and a basket ball court was started.

Earl Cole returned to town on Friday. He spent the winter at Mr. Pleasant, Mich. and other points in the east. Mrs. Cole is remaining in the east for a time.

O. T. Craigwick has returned after a visit at Iowa.

was visiting with Mrs. Harry Rhodes last week. They were callers at the Sturtevant ranch on Sunday.

Our genial Harry Jones has come to work the S. A. L. Co., at Rosalane

IN THE TRENCHES

Personal and of Local Interest

T. Hebb writes to have the News sent to Gadsby.

Our old friend J. M. Caines of Tide Lake was in this week and returned.

A number of our subscribers have received their copies of the life and work of Billy Sunday. All express themselves as delighted.

Miss Ruby Stanley of Bluegrass was in town on Saturday and took the evening train to the Hat.

Frank Rache went up to Edmonton with a carload of horses from the Colville Ranch.

R. H. Thornton was in Suffield Saturday.

Gordon Hull writes to have News sent to Peace River Crossing.

Sheriff Benson conducted the sale of a quarter of land on Saturday at the Great West. The reserve bid of \$1000 took the land.

The Ladies Aid will meet next Wednesday the 28th at Mrs. Geo. Bentie.

Frank Flannery visited a few days in Calgary, returning on Tuesday.

On Monday the scholars of the Public School tagged the citizens for two bits for a basket ball and a foot ball.

Morton Peters, M. Kirkland and W. D. Mackay motored to Suffield on Saturday.

A. Graham, contractor of Calgary accompanied to his wife and daughter are registered at the Carlstadt. They will shortly take up their residence on the farm formerly run by Kenny Mackenzie east of town.

J. W. Rosenberg was in Redcliff on Wednesday and secured a position for his son Harry of Desota, Missouri at the shoe factory.

Immigration Inspector Howson of Medicine Hat was in town on Tuesday, in connection with a wage case.

The W. A. met yesterday at the residence of Mrs. F. C. Woolven. The next meeting will be held on Wednesday May 5th, at Mrs. W. M. Cotter's. A full attendance is requested to make final arrangements for the annual meeting to be held in Medicine Hat, June 9th and 10th.

I. E. Barr accompanied by Mrs. Barr and daughter have taken up their residence at the station. Mr. Barr will act as agent during F. L.

Brown's trip east.

A British Tommy in one of the hospitals was asked to state what war felt like. He said, "First you hear a 'hell of a noise' and then the nurse says 'try to take some of this'."

J. C. Anderson of Tripola was in town for a couple of days.

Shortly the News will publish the change in King Pound law.

Capt. Tates of Suffield who is a member of the Patricias has been invalided owing to fever in Shorncliffe hospital. He will shortly return to the front.

Royal

The farmers are all wearing a smile now as the land is in fine condition for seeding. We are doing our best for the biggest crop ever in this locality.

H. E. Kimball and sons are home again, after working a short while for the Cypress Grain Co., of Suffield.

John Hunkley and E. P. Poole went to the Hat last Wednesday to prove up their homesteads. F. B. Flanders went as a witness.

H. Constock and wife were callers at the home of H. E. Kimball last Friday.

Edward Farrer returned from Redcliff on Saturday where he had been on business for the past few days.

Ben Brevik has returned to his farm after an absence of several months.

We don't hear much about Peace River now, since seeding commenced, and with a good crop this year. I think we will soon forget it.

We have seen several pieces of alfalfa coming up so nice this spring after two dry seasons and much abuse by close feeding, that we thought it dead—that it looks as if it is the only grass crop for this part of Alberta. So hurrah for alfalfa and sunny Alberta.

H. Flanders and G. Ellis called on H. E. Kimball Sunday, in regard to breaking up some land for them.

There seems to be quite a demand for breakers this year in this vicinity.

The grass is starting up very fast now so the feeding is quite good for stock already.

John R. Kimball writes from Flat Creek, Alberta, that he is able

Council Meets to Read By-Laws

Council met in full session on Monday evening. The proposed pound by-law and sanitary by-law were given the "once over" and tabled until the next Tuesday night when council meets again.

Council meetings are becoming interesting, and Monday night's meeting was no exception. Harry W. Johnson was present to get the Council's ruling on whether his pigs could be allowed in the village limits, if kept in a sanitary condition. The answer of Council was that the pigs must go out of town; and Mr. Johnson accepted the answer.

The News learns that at next Tuesday's meeting, a petition will be presented to Council, by a well known citizen, the object of which is to restrain Council going to any expense in putting the pound braw on the town books.

Flour and feed for sale at the Farmers Elevator, Friday and Saturday of each week. Your patronage is solicited.

C. O. Olsen, Agent.

to be at work again, after a short time in the hospital. John, next time you wish to go in swimming go in with the boys; don't take your horses in with you.

V. J. Johnson's house, that was on his pre-emption took a sudden move on Monday last.

Now is the time to plant your garden. Don't wait until the crops are all in, and then wonder why your garden is so late.

Miss Lilly Kimball is busy remodelling the cook car for the breaking season; as she expects to dish up the hash to the crew this season, if they can stand it.

E. E. Sears made a rush for Suffield Saturday after some extras for his drill.

Hans Broderson has given a contract to John Goehring to break 100 acres and put in crop on his farm near Carlstadt.

THURSDAY, APRIL 22nd, 1915

CARLSTADT'S first clear-up day was a success. It means a lot to a place to get the cleaning that the town got on Tuesday. Clean up. Keep cleaned up.

POLITICS are boiling at the Hat. The Morning Times stated the other day that announcement of the Dominion Election would be made any day. Dr. Boyd, Medicine Hat Liberal Candidate, in a letter to the News, denies a statement published in the Times that he will not be in the running. He says that he is in to the finish; and calls upon Mr. Nelson Spencer, the nominee of the Conservative interests, to make a similar statement. Up to press time we have not seen any statement of Mr. Spencer.

Pay your taxes! and your town won't be hard up.

Buy an Irrigated Farm FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE

Irrigation makes the farmer independent of rainfall and insures good crops, not occasionally, but **every year**.

Irrigation makes possible the successful culture of alfalfa, the king of forage, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from **\$35 to \$75 per acre, with twenty years' to pay and the privilege of a loan of \$2,000.00 for improvements** (6% interest); no principal payment at the end of first and second years and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record

WAKE UP, CANADA!

How Toronto Board of Trade is Promoting Prosperity in Canada

The Toronto Board of Trade recently issued a neat pamphlet under the title, "Wake Up, Canada—A Method to Keep Business as Usual." This booklet contains official statistics of the imports of foreign goods to Canada during the last fiscal year. Apart from the statistics, however, the booklet contains some sound advice for Canadians generally, a few paragraphs of which we reproduce.

Thousands of people in Canada are out of work. If the men and women of this country would buy Canadian-made goods exclusively, Canada would be millions of dollars richer, and all workers would be back at work. Charity begins at home, and this is not only charity but good business.

Let every citizen—man and woman—show true patriotism by promptly resolving to make Canada strong and prosperous by providing work for her sons and daughters.

This can be done, in large part, by the development of every possible Canadian resource, and particularly by demanding Canadian-made products and Canadian-made goods in the course of our daily life.

Buyers all over Canada can do much to check the incoming flood of foreign-made goods. Now is the time to remember that every dollar saved to Canada is a dollar earned for Canada.

Every manufacturer and merchant should lay down this policy for his purchasing department today. This is his first duty in the matter.

Architects, builders and contractors can, if they will, keep thousands of Canadian workmen employed by specifying Canadian-made materials in their building specifications.

Other professional men can add to their own incomes by ensuring the prosperity of their clients through purchase of home products.

Government and municipal authorities all over Canada have it in their hands to divert a tremendous volume of business to Canadian factories, and surely it is wise as well as patriotic to give our own workmen the employment that they will not be coming in any way a charge upon the community.

The demand to-morrow all over Canada for Canadian-made goods would change, as if by magic, the present depression into immediate prosperity.

If, then, is a ready-hand, practical, sensible, and profitable way for us, all of us, to make and keep Canada prosperous.

It is practical patriotism to give the preference to goods "Made-in-Canada," and it is practical self-interest as well!

Your money stays in Canada—lives up Canadian trade generally—and so helps to create a prosperity in which you share.

DEAL IN STOVES

How One Factory Got an Order—Keeps the Wheels Turning

A statement issued by one of Hamilton's stove manufacturing concerns, illustrates in a striking way the effect of the "Made-in-Canada" campaign which has been running for the last few months. Some time ago the factory was closed for lack of orders. Today it is running four days per week and, and there are prospects that it may run six days a week before long.

"We used to find pretty strong competition from a certain Hamilton stove concern," said the manager of the factory referred to, "and largely because there were so many American settlers in the West who had always known the Hamilton stove. On the other side, we found it very difficult to get the retailers to stock our line, although our prices were a shade lower than those of the American concern."

"One of our best travellers was on his way back from the West at the time. He ran into an informal conference of retail hardware men in Regina, and found them discussing ways and means of keeping their business open. He went in for permission to make them a proposition. We consented and an agreement was reached whereby these men agreed to handle only "Made-in-Canada" stoves. On the other hand certain makers in the East had to get to get and agree to carry these fellows over the head of the dealer. The result has been splendid. Thanks, retailers and ourselves have co-operated. As a result of a "Made-in-Canada" slogan we are able to keep our men employed and our machinery from rusting."

A FOREMOST DUTY OF CITY FATHERS

Practical Suggestions For Every Municipality—Must Help to Keep Labor Busy

The Kingston "Standard" a few weeks ago advanced the suggestion that every city and town should have a bureau to encourage "Made-in-Canada" goods. Developing the idea the editor pointed out that money spent by public officers for the good of the public should serve the good of the public by being invested in what makes work for Canadians. There are cases in this country of councils and boards of works turning down Canadian tenders even when they were lower than foreign tenders; or because they were a few dollars higher; or because they wanted to try experiments; or because they feared that the factories which paid taxes into their own civic treasury could afford to beat up business abroad. Happily, such cases are not now as frequent as they used to be.

The civic employers and spenders of Canada as a whole, have got it strongly into their heads that it is far more important to have labor busy in factories and able to spend wages for "Made-in-Canada" goods, than to have labor unemployed and looking for charity or work. It is better to have men busy on some thing that represents a fair investment of labor than on work that is done by a corporation just on purpose to keep men from being idle.

A skilled mechanic may be able to handle a shovel on a piece of road work. But he won't do it as well as the man that's brought up on the shovel. His power to work depends on the thing he does. When he is at a job that does not suit him he wastes his labor. The civic government that does not try to keep labor busy in its own factories, or factories elsewhere in Canada, is neglecting a golden opportunity to help along a movement that keeps civic governments from having bad economic problems on their hands. Every municipal government in Canada should be a civic leader in the purpose of "Made-in-Canada" goods.

THE MAN THAT HAS A MADE-IN-CANADA SALARY SHOULD HAVE MADE-IN-CANADA TASTES

NICKEL AND NICKELS

New Light on a Live Question—Everybody Can Help

Thousands of tons of Canadian nickel are at the present time in the armory of German warships, as well as of British and French and Austrian and Russian. From our mines near Copper Cliff, Ont., we have shipped out this nickel to the United States in a crude form to be refined and reshaped by American companies to the markets of the world. Up till the past couple of months nobody could have raised any objection to this as a matter of business. Canada had a corner on a very useful article. She sold it to the world.

But at the present time there is not an ounce of nickel-plate in any German armament on the Kiel canal or at Essen or anywhere else that Canada would not gladly take back and pay the cash price to keep it in this country, until the war is over. That a practical patriotism just as selling the nickel abroad was practical business.

If we are so sensibly concerned over the nickel sold to the enemy in time of peace, let us be as sensibly and vigorously concerned about the nickels and the dimes and the pennies that are sent out of this country to buy things made by foreign labor, paying foreign dividends for the sake of foreign homes. If we Canadians are really in earnest we can repair all damage resulting from the export of our nickel to Germany—by refusing to spend our money for foreign-made goods. We can't get back this nickel. But we can stop... nickels and the dimes and the pennies from going abroad after the nickel. If, as a matter of business, we helped the enemy in a time of peace, as a bigger matter of business we can help ourselves in a time of war by keeping our own money in this country to keep Canada prosperous.

PERHAPS you do not realize how many lines of "Made-in-Canada" goods are better than the imported, or how often it is profitable as well as patriotic to buy things made by your own countrymen.

The Old Reliable Pioneer Store
